Time for a review

Welcome back after the Bank Holidays, we hope you all enjoyed the break!

We've been looking back on 2010 a lot of late; we've had the results back from our 2010 Annual Tenant Survey and we've been putting together our 2010 Annual Review.

Overall, we are very pleased with the results. It seems we are justified in being proud of our tenant support services and the changes we made within the msp business which allowed us to save money and become more efficient, at the same time as expanding our operations and improving operations across our sites.

Our 2010 Annual Review will be available to download on our website soon, and we will be distributing hard copies to our tenants and associates. If you'd like to receive a copy, please email pressoffice@mspl.co.uk and include the recipient address.

Kind regards
Lynne Barlow
Commercial Director

One Central Park
msp operates on two floors in the Technology Centre at One Central Park, approximately two miles from Manchester City Centre and close to the M60. Providing facilities for high-tech start-ups in North-East Manchester, One Central Park is a city venue without the hassle of the city centre.

With on-site catering, tenant parking and superior conferencing facilities, msp has modern office space available in this contemporary building for companies of three and upwards employees.
